

Sanctuary Southeast

A private medical-wellness retreat in the Blue Ridge of Western North Carolina. Swiss-standard clinical discretion. One family in residence at a time.

— The Posture

This dossier is a private summary intended for principals, family-office advisors, concierge physicians, interventionists, and trusted counsel. It is not promotional material and is not distributed publicly. We do not pay referral fees of any kind.

Clinical Leadership

Our Medical Director is a board-certified physician in Addiction Medicine and Internal Medicine, with prior staff appointments at nationally recognized academic recovery programs. Our Clinical Director holds doctoral training in trauma-focused psychotherapy with two decades of work in executive and high-net-worth populations. Full credentials, licensure, and CV are available under NDA on request.

Program Architecture

Clinical core. 24/7 medical supervision, integrative psychiatry, genetic testing and personalized pharmacology, neuro-feedback, functional nutrition medicine, and trauma-informed care.

Holistic surround. Executive coaching, equestrian and nature therapy, cold plunge and sauna, private chef cuisine, family-systems sessions, and quiet walking meditation across the estate.

Cadence. Programs are individually composed. The standard arc is six to twelve weeks of in-residence work, followed by a structured re-entry phase coordinated with the principal's existing clinical team.

Privacy & Discretion

One family in residence at a time. Estate access is gated and logged. No public marketing photographs of the interior. Staff are bound by confidentiality covenants that exceed standard HIPAA requirements. No clinical information is held on this website's database — protected health information lives exclusively in our certified EMR.

How a Private Inquiry Proceeds

1. A confidential conversation with our intake clinician (typically within four hours).
2. A clinical and logistical fit assessment, conducted under NDA.
3. A private site visit, by invitation, before any commitment is made.

— *Anti-Kickback Transparency*

Sanctuary Southeast does not pay, accept, or solicit referral fees, finder's fees, or any form of remuneration for clinical referrals. This is a deliberate posture — both an ethical commitment and a credibility signal to the families and professionals we serve.

Contact

24/7 secure intake line: +1 (800) 555-0199

Encrypted messaging available on request.
